

Teaching Eligibility

Upon completion of the Teacher Training, you are eligible to teach the Transference Healing Fundamental Training to your own clients. You are also eligible to obtain teacher certification the smaller Transference Healing workshops.

If you are interested in teaching the smaller Transference Healing workshops - Beyond Doorways Level 1 (BD1), Beyond Doorways Level 2 (BD2), Animal Magic (AM), Child of Light (COL), Child of Light Meditation or Alchemy - you must first receive certification to do so.

In addition to having already completed the Teacher Training, should you wish to gain Teacher Certification for all smaller workshops you must also have completed the workshop itself, with Alexis. You may choose to sit these smaller workshops with another Certified Teacher, however if you wish to teach the workshop, you must re-sit the workshop with Alexis before gaining Teacher certification for that workshop. Any workshop re-sits will of course be charged at the re-sit cost.

Each of the smaller workshops has its own Teacher Training. You may choose to gain Teacher Certification in one of the smaller workshops (e.g. BD) and not the others (e.g. COL and AM); the choice is completely up to you. N.B. The Beyond Doorways Level 1 & 2 Teacher Training is consolidated, so can only be attended by Teacher Graduates who have completed both BD1 and BD2.

The Teacher Trainings for each of the smaller workshops run for approximately one hour for a one-off cost (see website for details). This one-off cost will provide you with Teacher Certification, along with a comprehensive manual and certificate. You will also receive acknowledgement for having completed that workshop on the Registered Healers page of the Transference Healing website. Re-sitting the Teacher Trainings for these smaller workshops is free.

Any future workshops developed by Alexis for Transference Healing will be made available to you in a similar fashion, as guided by Spirit.

In summary, upon completing the Transference Healing® Teacher Training you are eligible to:
Teach the Fundamental Training.

- Purchase Transference Healing products at their wholesale price.
- Purchase workshop kits for training.
- Attend the Transference Healing Mystery School.
- Attend the Teacher Trainings for all smaller workshops (BD, AM, Alchemy & COL).

To be eligible to gain your Teacher certification to teach any/all of the smaller Transference Healing® workshops, you must have:

- Completed the workshop with Alexis Cartwright, for the first time or as a re-sit.
- Completed the Teacher Training for that particular workshop.

You are not permitted to create your own smaller Transference Healing workshops using one or more of the procedures from the Fundamental Training or any other Transference Healing workshop, and doing so represents a significant breach of copyright. It is worth highlighting that the smaller workshops have been specifically designed to meet the need for smaller 'introductory' workshops within the Transference Healing lineage.

Regardless of who you are teaching, you must always purchase the wholesale training and workshop kits for each and every Graduate you train (logically, this is waived for re-sit students, and their training fee drops accordingly). This policy applies even when you train family members and friends. In the case of family members and friends, while the training kit must be purchased, you may choose to waive your mark-up. The reason for this is that by receiving their support tools and certification, we remain informed of who is running Transference Healing (sustaining the sacredness, integrity and professionalism of the frequency), and those you teach are energetically connected to the Diamond Pyramid of Light™ and its energy. In some rare cases, (for instance when you train a partner with whom you live), you may seek permission to forego the Lightbody Kit in your training kit purchase.
